# WELLNESS COMMITTEE MEETINGS

San Jacinto Unified School District Nutrition Services invites parents, teachers, students, administrators, health professionals, school food services staff, board members, and members of the community to meetings about the school wellness policy.

A healthy school environment supports student learning and wellbeing. The school wellness policy helps our school create an action plan for nutrition education, nutrition promotion, and physical activity at school. At our wellness policy meetings, people are invited to share opinions and help make sure the policy is meeting the needs of our students.

Our wellness policy is available by visiting:
