JANUARY 2025

HAPPY NEW YEAR!

We hope everyone was able to enjoy the holidays with family and friends.

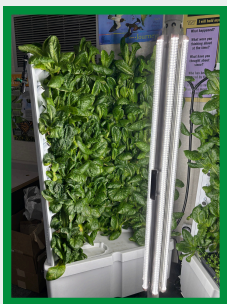

It's hard to believe half the school year is already over!

Hydroponics Garden

We harvested our first crop of romaine from the Brooks garden in early December. Our kitchen staff made a beautiful salad bar with the romaine and the kids were so excited and loved that it was grown in Ms. Hartley's classroom.

Ms. Murphy's science classroom at Windsor Middle School will also be growing produce which the kitchen will incorporate into their menus.
