

School Year 2022-2023

Dear Parents:

Ensure your student continues to receive meal support for the 2022/2023 school year. You can determine your eligibility by completing a Montgomery County Public School district application form either online or in paper form available by request from your school.

If you would like to apply online, please go to

1. MCPS.org
2. Go to the ABOUT US tab at the top
3. Go to DEPARTMENTS in the dropdown
4. Select School Nutrition Department
5. In the center of the page is a link to Meal Applications for ONLINE application

The Applications you complete must be dated from July 1, 2022 going forward. If you have an older application, you will need to complete a new one for SY22-23. **All older applications and their status will become invalid as of September 30, 2022.**

Once you have submitted an online application or completed and submitted a paper application, you will receive a letter from the MCPS School Nutrition Program office which confirms your status of Free, Paid or Reduced.

The SY22-23 determined reduced status students will receive FREE meals this school year from funding provided by the state of VA.

You may drop off any paper applications for processing at any Montgomery County Public School. Just ask them to send the application to SNP/MCPS Operations Center Office. Or, you may mail it directly to
